

Retirement should feel confident, not uncertain

Living longer is great news. But it also means your retirement income needs to last longer than ever before. Many people worry about running out of money, so they spend less than they could, just in case. Over time, that caution can quietly shape the kind of retirement you live.

What if you could enjoy retirement knowing your income will last for life, and never stop or drop, no matter what markets do?

Your retirement pay cheque for life

Allianz Guaranteed Income for Life (AGILE) provides guaranteed income every month, for the rest of your life. Think of it as your retirement pay cheque, income you can rely on, no matter how long you live.

Your AGILE income never stops or drops due to market performance, so you always know what will be paid.

How AGILE helps you retire with confidence

AGILE is built on three core features that work together to balance growth potential, income for life and flexibility.

Growth potential with a safety net

Stay invested with built-in protection against market downturns. Your money can continue to grow, with added peace of mind.

Income you can rely on

Guaranteed income for life that never stops or drops due to market performance, so your income never runs out.

Flexible access to your money

Your money is not locked away. You can access some or all of your investment value if your needs change*. If you pass away, any remaining investment value is paid to your beneficiaries or estate.

Why certainty matters

With a guaranteed income for life that never stops or drops you will know exactly how much income you will receive, you can plan confidently, and you can spend without fear of running out. Income certainty changes how retirement feels.

How AGILE fits your retirement

AGILE is designed to complement your other retirement income sources, such as super, investments and the Age Pension, helping future-proof your retirement. It can turn part of your savings into a reliable pay cheque for life, while the rest of your money remains invested for flexibility and growth.

If the Age Pension is part of your retirement plan, AGILE may help improve your eligibility or the amount you receive.

Enjoy today, knowing your future is assured

AGILE helps you live the retirement you want, with confidence your income will always be there. Enjoy today, knowing your future income is assured.
